

EventBlast is a full-service event consulting and delivery solution equipped to assist you with your virtual events. Whether you need assistance with best practices for virtual event design, on-call delivery support and event setup, or more advanced services, EventBlast has a solution for you. We empower customers to have fantastic event experiences using a variety of event technology platforms.

The outline below represents a minimum requirement of three hours for an initial engagement of supporting a one-hour live event. Subsequent events or additional hours will be billed at a flat hourly rate with a minimum requirement of two hours.

SERVICE DETAILS

Event planning

The online event consultant will meet with the client and respected parties to discuss settings and event flow. Consultant will assist with the scheduling of the rehearsal and the main event as well as confirm the necessary settings have been enabled.

Event moderation

As part of our Premium Event Support Package, the online event consultant assists as master of ceremonies. Consultant delivers the housekeeping and introduction, question and answer portion, and closing.

Event rehearsal

The online event consultant and all respective parties will join the scheduled rehearsal hosted by the VSCPA platform to conduct AV tests and event run-through. Best practices and further guidance will be covered to ensure all parties feel confident with the platform.

Live event support

The online event consultant supervises technical occurrences within the event along with monitoring the event logs on the backend for all-around technical assistance. All our packages below include live event support.

Pre-event warmup

The online event consultant along with the host, panelist and presenter, will join the live event 30 minutes before the main event to prepare to go live.

Hybrid event services

Includes in-person usage of the newly renovated Learning & Innovation Center with options to simulcast your meeting or event to your virtual audience. Our beautifully updated space includes upgraded technology for virtual participation and classrooms for events or meetings from a single person space up to 60 attendees in a variety of meeting room formats. Visit vscca.com/Center to learn more about the Learning & Innovation Center.

Podcasting services

The Innovation & Learning Center has a dedicated studio equipped to record and produce high-quality podcasts. Our team is here to help you bring your podcasting vision to life. You bring the talent, and we'll do the rest.

Content sharing

With content sharing, the online event consultant displays the presentation content from their side, into the event for the host and/or respected parties, necessary settings have been enabled.

Event space rental

Located in Glen Allen, Va, the Learning & Innovation Center is a state-of-the-art event space with a modern and professional setting, making it the ideal venue for any type of gathering. This space is equipped to accommodate up to 100 people for business seminars, group meetings, board meetings, luncheons, receptions and more.

“ Testimonials

Your whole team made this experience comforting, like we have done this many times before. It's one thing to have a meeting in the same location, same sessions, same food, same logistics, same banter, but this was just the opposite. You made it "comforting" and assured confidence on getting the job done. What more could one ask for! You delivered, in my mind, 10 times over.

The VSCPA went above and beyond to deliver a top-notch virtual two-day event for my committee. From beginning to end, the team heard my vision and produced exactly what I had in mind. I'd highly recommend it to all VSCPA members holding online events — no matter how large or small. The VSCPA has been in the online event business for years, and their expertise saved me hours Well done, team! I'll certainly be calling on you again for future events.

— **Lisa Germano, VSCPA Member**
