

For the latest updates on the 2025 tax rebate, go to
tax.virginia.gov/rebate

Not every taxpayer is eligible.

If you had a tax liability* last year, you will receive up to \$200 if you filed individually, and up to \$400 if you filed jointly.

* Tax liability is the amount of tax you owe throughout the year minus any credits, deductions, or subtractions. We'll have taxpayer-specific information about eligibility available beginning September 25.

Most taxpayers will receive their rebates this fall.

If you're eligible and filed before July 1, we'll send your rebate by October 15, which means you should receive it by the end of October.

You must file your taxes by November 3 to receive the rebate.

Some taxpayers' rebates will be reduced or withheld to satisfy existing debts.

If you owe money to certain government agencies and institutions, we are required to use your rebate to satisfy that debt before sending you the remainder in a check. If you owe more than the amount of your rebate, we will send you a letter explaining the use of your rebate toward the debt.

Some taxpayers will receive the rebate by direct deposit and some will receive a paper check.

If you received a refund by direct deposit this year, you'll likely receive your rebate by direct deposit in the same bank account, with the description "VATXREBATE."

All other eligible taxpayers will receive their rebate by paper check in the mail.
